Product Detail:

Product Description

Waterjet mosaic can be regarded as a development of mosaic technology, while marble waterjet tile is an extension of mosaic stone patterns. And it is a new stone product derived from the combination of mosaic technology and innovation. We have been pursuing exquisite products and this arabesque marble mosaic tile is different from other classic styles, we use black and grey beard-shaped chips to inlay the two sides of white arabesque shapes, each figure is surrounded by curved long grey marble. We only select the qualified natural

marble products to process the mosaic particles, this tile we use white, grey, and black marble to decorate the whole tile.

Product Application

This arabesque marble mosaic tile is made of three natural marbles, and there are small particles inserted in the chip figures. We suggest it install on the walls and splashbacks as decorative mosaic tile backsplash and mosaic wall tiles. For example, marble wall tile kitchen, stone mosaic tile backsplash in the kitchen, natural stone tile for shower walls, and mosaic tile for bathroom backsplash. If you have other inspirations about its application, please don't forget to tell us and help us to enrich our product details.

After installing the wall surface and the backsplash, don't forget to ask the tiling company to seal the mosaic surface, and you will get pretty work in the end. If our products gain a perfect application in these areas and never tire of watching, then all our efforts will not be in vain.
