Product Detail:

Product Description

The modular mosaic tile can also be said to be mosaics with seams. Its overall structure is a discontinuous mosaic product composed of standardized small unit blocks of different shapes, which are arranged in sequence according to certain gap standards, position standards, and pattern distribution requirements. Green and white mosaic tiles offer people a fresh feeling and attract more attention than other colors because the green color is more impressive. This flower-shaped mixed marble mosaic tile is made of Green Flower Marble and

Cream Marfil Marble. There are both small and large square chips of the green marble, and the cream marble is made into small parallelogram chips, then we fixed the particles onto the fiber net and make the whole tile like cream flowers on the green background.
