Product Application

Picket Arrow Tile Pattern Oriental White Marble Backsplash Mosaic is an incredibly versatile design element. It can be used in a variety of applications, from kitchens and bathrooms to living rooms and commercial spaces. Its versatility lies in its ability to blend seamlessly with different color schemes and design aesthetics, making it easy to adapt to any style or theme. This product can be used as a stunning mosaic tile backsplash in kitchen, adding a touch of sophistication and luxury to the cooking area. It also can be used to create a spa-like ambience, transforming an ordinary space into a tranquil retreat for small mosaic tiles for bathroom. It can also be used as a feature wall in a living room or office to create a focal point and add visual interest and personality to the space.

Our Picket Arrow Tile Pattern Oriental White Marble Backsplash Mosaic is a versatile and visually stunning option for anyone looking to enhance a space. With its unique design and timeless beauty, this mosaic creates an atmosphere of luxury and sophistication wherever it is installed. Turn your space into a work of art with our unique marble mosaics.

FAQ

Q: Is this Picket Arrow Tile Pattern Oriental White Marble Backsplash Mosaic good for the shower floor?

A: It is a good and attractive option. Marble mosaic has many styles to choose from 3D, hexagon, herringbone, picket, etc. It makes your floor elegant, classy, and timeless.

Q: Will marble mosaic backsplash stain?

A: Marble is soft and porous in nature, but it can be scratched and stained after a long time of use, Therefore, it needs to be sealed regularly, like for 1 year, and often clean the backsplash with a soft stone cleaner.

Q: How many days do you spend preparing the sample?

A: 3-7 days usually.

Q: How do I care for my marble mosaic?

A: To care for your marble mosaic, follow the care and maintenance guide. Regular cleansing with a liquid cleanser with mild ingredients to remove mineral deposits and soap scum. Do not use abrasive cleaners, steel wool, scouring pads, scrapers, or sandpaper on any part of the surface.

To remove built-up soap scum or difficult-to-remove stains, use varnish thinner. If the stain is from hard water or mineral deposits, try using a cleaner to remove iron, calcium, or other such mineral deposits from your water supply. As long as the label directions are followed, most cleaning chemicals will not damage the surface of the marble.
