FAQ

Q: Will marble mosaic surface stain?

A: Marble is from nature and it contains iron inside so it can be prone to staining and etching, we need to take measures to prevent them, such as using sealing adhesives.

Q: Will the marble mosaic wall floor lighten after installation?

A: It may change "color" after installation because it is natural marble, therefore we need to seal or cover epoxy mortars on the surface. And the most important is to wait for absolute dryness after every installation step.

Q: Do you sell mosaic chips or net-backed mosaic tiles?

A: We sell net-backed mosaic tiles.

Q: How large is the mosaic tile?

A: Most are 305x305mm, and waterjet tiles have different sizes.
