FAQ

Q: Are the metallic accents real gold?

A: The metallic accents on the tiles are not made of real gold. They are carefully crafted to mimic the luxurious appearance of gold, providing a stunning visual effect without the high cost associated with using real gold.

Q: Can the Diamond Gold Metallic Stone Mosaic Wall Decoration Tiles be installed in a high-traffic area?

A: These tiles are durable and suitable for areas with moderate foot traffic. However, in high-traffic areas, it is recommended to use additional protective measures, such as area rugs or mats, to minimize wear and preserve the tiles' appearance.

Q: Can I use the Diamond Gold Metallic Stone Mosaic Wall Decoration Tiles as a feature wall in my living room?

A: Absolutely! These tiles are an excellent choice for creating a stunning feature wall in your living room. The combination of metallic accents and premium stone materials adds a touch of glamour and becomes a captivating focal point in your space.

Q: Can the Diamond Gold Metallic Stone Mosaic Wall Decoration Tiles be used in combination with other tile types or materials?

A: Yes, these tiles can be combined with other tile types or materials to create unique and personalized designs. Mixing and matching different textures and patterns can result in stunning visual effects, adding depth and interest to your wall decoration.
