Product Detail:

Product Description

The 3D cube design tiles combine classical tradition and modernity with a balance. Marble mosaics with geometric lines own very rich decorative elements and also represent a refined taste for details and harmony. Walls and floors with this three-dimensional characteristic usually attract more fresh attention from the present people. Unlike porcelain mosaic tiles, natural marble mosaic tiles have a unique charm as a 100% original material from nature, nothing can be copied, no matter the color or the texture. Every chip comes from nature, not

from the human's hand. Therefore, natural marble was never out of fashion with the passage of time.

Recently, we have green cubic marble mosaic, black cubic marble mosaic, and pink cubic marble mosaic for your wall and floor tiling. Of course, you can select other marble of white, brown, and other colors. Please speak out your needs to us.
