### Product Detail:

#### Product Description

As a high-quality China Pallas waterjet marble mosaic tile company and supplier, Wanpo is always getting unique and exciting stone materials and making new stone mosaics for our clients and helping them to keep a fresh product line in their local market. This stone mosaic pattern adopts Celeste Argentina Marble to make a hexagon and triangle chips, and Thassos Crystal White Marble to make square chips. Six squares and six triangles are surrounded by a big hexagon and the whole tile looks like a circle shape. We have other marble materials to

organize the shapes like grey and white mosaic tiles, beige and white mosaic tiles, and other materials mixed like the mother of pearl.

## Product Application

From white marble mosaic tile to black marble mosaic tile, green marble mosaic tile, blue marble mosaic tile, and pink marble mosaic tile, those are just some of the color styles of our stone mosaic tiles, they will completely transform your home into a fresh and charm dose with decorative walls and floors mosaic tiles of your bathroom and kitchen backsplash.

Please keep in mind that variation exists in all natural stone mosaic products, so it is always best to have a piece of sample to check the materials and colors you are considering.

## FAQ

Q: Can I get any samples? Is it free or not?

A: You need to pay for the mosaic stone sample, and free samples can be offered if our factory has current stock. The delivery cost is not free paid as well.

Q: Do your products have third-party testing reports, such as SGS?

A: We don't have any testing reports about our marble mosaic products, and we can arrange for third-party testing if you need it.

Q: Can I install the mosaic tiles by myself?

A: We suggest you ask for a tiling company to install your wall, floor, or backsplash with the stone mosaic tiles because tiling companies have professional tools and skills, and some companies will offer free cleaning services as well. Good Luck!

Q: How many days do you spend preparing the sample?

A: 3-7 days usually.
