Product Description

Our striped 3d marble mosaics cube backsplash tile combines classical tradition and modernity with balance. If you think the single color 3d cube tiles are plain and boring and want to change to another style, this pattern may be suitable for your taste. The basic element of the stone mosaic chips are the grey marble and white marble, they are puzzled on the net and combined into cubic units. This geometric marble tile breaks the immutable style and inserts strips to make the whole look more impressive. We have dark grey and light grey marbles to make the strips, and other colors are available to use on the tile.
