FAQ

Q: How many types of stone mosaic tile patterns do you have?

A: We have 10 main patterns: 3-dimensional mosaic, waterjet mosaic, arabesque mosaic, marble brass mosaic, mother of pearl inlaid marble mosaic, basketweave mosaic, herringbone and chevron mosaic, hexagon mosaic, round mosaic, subway mosaic.

Q: How to seal the marble mosaic tiles?

A: 1. Test the marble sealer on a small area.

2. Apply the marble sealer on the mosaic tile.

3. Seal the grout joints as well.

4. Seal for the second time on the surface to enhance the work.

Q: Will marble mosaic surface stain?

A: Marble is from nature and it contains iron inside so it can be prone to staining and etching, we need to take measures to prevent them, such as using sealing adhesives.

Q: Could the scratches be removed if happened?

A: Yes, fine scratches can be removed with automotive paint buffing compound and a handheld polisher. A company technician should take care of the deeper scratches.
