#### Product Application

At Wanpo, renovation and development is a continuous process to enable our customer's position on a competitive edge in the mosaic & tile market. We are constantly adding novelty to our product collections to meet the market's demands. This uneven 3D square beige stone mosaic tile has followed the inspiration of the split stone veneers which have an uneven look to decorate outside walls and landscaping. It is an ideal product for the interior wall decorative mosaic of the living room, bathroom, or other room areas as a stone mosaic backsplash.

If you like this style, please share it with your client or designer, or even share it with your friends on social media.

## FAQ

Q: Where do marble mosaic tiles need sealing

A: Bathroom and shower, kitchen, living room, and other areas where applied marble mosaic tiles all need sealing, in order to prevent staining, and water, and even protect the tiles.

Q: How long does it take for marble mosaic tiling to dry after installation?

A: It takes about 4-5 hours to dry, and 24 hours after sealing the surface in a ventilation condition.

Q: How can I pay for the products?

A: T/T transfer is available, and Paypal is better for a small amount.

Q: Do you have agents in our country?

A: Sorry, we don't have any agents in your country. We will let you know if we have a current customer in your country, and you can work with them if possible.
