Product Application

This Decorative Tile Natural Stone Mosaic Wavy Waterjet Backsplash has thin wavy patterns and elegant Carrara White waterjet marble, it is suitable for a small mosaic tile backsplash on a small or medium wall area, such as in a washroom, kitchen, or dining room. Applications like mosaic tiles behind sink, tile mosaic behind stove, and marble mosaic kitchen backsplash will gain good effectiveness as decorative mosaic tiles.

Because each chip is small and long, the installers will have more sealing work after installing all the tiles on the wall. We suggest sealing for one time every year. If possible, ask for a professional tiling company to evaluate the re-sealing necessity in advance.

FAQ

Q: What area is the waterjet marble mosaic used on?

A: Waterjet marble mosaic is normally used on the wall and backsplash decoration of the kitchen, bedroom, and living room.

Q: Why I choose the marble mosaic tile than ceramic mosaic tile?
