Product Application

This sunflower mosaic tile pattern of marble waterjet tile is different from other waterjet marble mosaic tiles, it is available for both interior and terrace decoration. Because each form on the net is an individual unit part, it also can be cut as you like and paste one single flower on the wall. Any area of your home is suitable for decorating this tile, walls and floors mosaic tiles will decorate your living room, bedroom, kitchen, and even bathroom, like marble floor mosaic tile, stone mosaic wall tile, stone mosaic tile backsplash, etc.

For outdoor decoration, we suggest using it on the terrace or in some theme parks and paying attention to the color fading problem when you plan to use the light colors of the tiles, for much natural white marble color will fade through many years of sun exposure, this is a common phenomenon.

FAQ

Q: Can I use this water jet mosaic marble tile around a fireplace?

A: Yes, marble has excellent heat tolerance and can be used with wood burning, gas, or electric fireplaces.

Q: Does your tile have a difference between the display photo and the real product when I receive it.

A: All products are taken in kind to try to show the color and texture of the product, but the stone mosaic is natural, and each piece may be different in color and texture, and due to the shooting angle, lighting, and other reasons, there may be a color difference between the real product you receive and the display picture, please refer to the real thing. If you have stricter requirements on color or style, we suggest you buy a small sample first.

Q: Does the tiles are in one same dimension?

A: Different items have different sizes, so there are no standard quantity in one square meter.

Q: Can stone mosaic tile be installed on drywall?

A: Do not directly install the mosaic tile on drywall, it is recommended to coat thin-set mortar which has a polymer additive. Thus the stone will be installed on the wall stronger.
