Product Application

Marble is a popular material for both interior and exterior building projects, while marble mosaic stone is the final perfect form for marble products. The most common applications of the waterjet stone mosaics are for the wall and decorative back-splashes, this artistic waterjet iris marble mosaic tile is a great design for both walls and floors in bathrooms and kitchens, and even other living areas in your house, such as mosaic kitchen wall tiles, mosaic bathroom wall tiles, marble mosaic tile for bathroom floor, decorative tiles behind the sink, etc.

Marble is a porous material and needs a sealer to cover the gaps and tile surfaces, it will not only protect the material but also easy to clean any dirt on it. When you clean the mosaic stone surfaces, please use mild cleaners or professional stone cleaners.

FAQ

Q: Do you sell mosaic chips or net-backed mosaic tiles?

A: We sell net-backed mosaic tiles.

Q: How many types of stone mosaic tile patterns do you have?

A: We have 10 main patterns: 3-dimensional mosaic, waterjet mosaic, arabesque mosaic, marble brass mosaic, mother of pearl inlaid marble mosaic, basketweave mosaic, herringbone and chevron mosaic, hexagon mosaic, round mosaic, subway mosaic.

Q: What seal can I use on the marble mosaic surface?

A: Marble seal is ok, it can protect the inside structure, you can buy it from the hardware store.

Q: Will the marble mosaic wall floor lighten after installation?

A: It may change "color" after installation because it is natural marble, therefore we need to seal or cover epoxy mortars on the surface. And the most important is to wait for absolute dryness after every installation step.
